The Positive Philosophy of Auguste Comte, Vol. I (in 2 Volumes) (Paperback)

By Auguste Comte

COSIMO CLASSICS, United States, 2010. Paperback. Book Condition: New. 228 x 153 mm. Language: English Brand New Book ***** Print on Demand *****.French philosopher and social scientist AUGUSTE COMTE (1798-1857) developed the notion of sociology as a field that could be studied, invented the term altruism, and in this groundbreaking work, created a system of principles and ideas-a rational religion -that has since come to influence humanism across the Western world. In Volume I, Comte offers an overview of human history as distilled through the positive perspective; details the positivism of mathematics, astronomy, biology, physics, and chemistry; and refines the functioning of human consciousness as an aspect of positivism. First published in English in 1853, this is an extraordinary synthesis of thought that is required reading for anyone wishing to understand the development of the scientific, secular mindset of the modern world.

Reviews

A fresh electronic book with a new viewpoint. I was able to comprehend every thing using this written e pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Isom Nader I**

This pdf is definitely worth getting. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
