Excerpt: .been reached and its remains left scattered about. As the squirrels hibernate at least a month before the bears do, they evidently are a great help in enabling the bears to lay in sufficient fat for their winter s store. There is no evidence that the bears molest any large game, and the scouts and old hunters and trappers say that they do not. As they are great scavengers, and quickly locate dead animals, they are trapped mainly by the use of meat bait. In this way great numbers of game animals have been destroyed by trappers for bear bait, and as late as June 22 I have found bear traps baited with freshly killed deer and goats. Moose and elk have also suffered severely in this way before the Glacier Park was created and put under proper supervision. As the establishment of Glacier Park was comparatively recent, the bears have not yet gathered about hotel and camp garbage piles as they do in Yellowstone Park, but they will soon learn, and under proper management of the garbage they can be made a perfectly safe and very attractive feature of the animal life of the park. A place for the garbage might be selected in the open, close to the edge of the woods, but where the bears can be plainly seen and readily photographed, and where no one would accidentally come upon them unnoticed at very close quarters; then a tourist-proof fence could...
