

Yoga of the Subtle Body: A Guide to the Physical and Energetic Anatomy of Yoga

Filesize: 2.82 MB

Reviews

An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Brian Miller)

YOGA OF THE SUBTLE BODY: A GUIDE TO THE PHYSICAL AND ENERGETIC ANATOMY OF YOGA

To read **Yoga of the Subtle Body: A Guide to the Physical and Energetic Anatomy of Yoga** eBook, please access the hyperlink below and download the file or have accessibility to additional information that are relevant to YOGA OF THE SUBTLE BODY: A GUIDE TO THE PHYSICAL AND ENERGETIC ANATOMY OF YOGA ebook.

Shambhala. Paperback. Book Condition: New. Paperback. 240 pages. With his expert teachings, philosophical insights, and pragmatic imagery, world-class yoga instructor Tias Little turns the anatomy of the physical body into a tool for navigating the subtle body. Yoga of the Subtle Body unites practical somatic concepts and wisdom teachings in this guide to the anatomy of the physical, mental, emotional, and subtle bodies. Tias Little is a master teacher, and he brings his precise instruction to the wisdom teachings and philosophy of hatha yoga. He offers us a guided tour of the body's structure and physical anatomy, then uses this new structural awareness as grounds for exploring the subtle body. In a meaningful and pragmatic way, the book maps the connection between the body and the rich symbolism that pervades the yogic imagination, including the chakras, nadis, and koshas. We come to see how the (yoga) body cannot be seen apart from the psycho-spiritual forces that animate it. Further, Tias offers readers clear, illuminated instruction for yoga, pranayama, and meditation techniques that apply these body-mind principles. This book is essential reading for all serious students and teachers of yoga. Each chapter focuses on one of the eight key energeticanatomy centers of the body: feetbase, pelvis, sacrum, belly, diaphragm, heartlungs, throat, and crown. The book is organized literally from the ground up, and figuratively from physically basic to conceptualsubtle. Each chapter has a list of poses for activating and applying the lessons, guided meditations, and excerpts from yogic texts. These practical exercises allow readers to immediately integrate the chapters lessons into their practice. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
