LET'S COUNT 123

Anness Publishing. Board book. Book Condition: new. BRAND NEW, Let's Count 123, Armadillo, This is a very first number book. It is a soft-to-touch first book for babies and toddlers, with big bright illustrations on every page. Photographs and puzzles make learning to count an enjoyable game that all preschoolers will enjoy. The point-and-say format encourages interactive learning - add up butterflies and flowers, pair up socks and mittens, take away balloons, count how many hats are orange, and decide whether there are enough hamburgers to share between the children. There are lots of familiar objects to look at, from three fluffy ducklings and ten scaly tortoises to 15 tasty cupcakes and 90 shiny green apples. It is designed for children and grown-ups to enjoy together, with a wipe-clean padded cover and sturdy pages. This chunky boardbook will stand up to hours of creative counting play and will show your child that numbers are fun. This interactive book will help young children to add up, multiply and take away. It will also encourage them to group items, tell the time, talk about what they see, and develop basic number skills. Simple picture pages present the numbers 1 to 100 in photographic form - from one cute lamb to one hundred ripe bananas. These pages are interspersed with visual games, such as counting parrots' wings, matching pictures to numbers, and dividing pizza. With hundreds of bright photographs, this book makes learning to count fun. You can count on it!.
