Brand New Book ***** Print on Demand *****.When God was taken from the lips of our teachers the foundation of America s educational system was shattered! Today, America s teachers are trying to handle a multitude of programs designed to fix the crumbling education infrastructure. Lack of spiritual influence, constant assessments, erroneous mainstreaming, professional development, and an avalanche of paperwork dishearten teachers with the best of intentions. Children are working to build academic, social, emotional, and spiritual walls on sinking sand. As the moral compass of the nation spins out of control our nation s teachers are brutally attacked while they wage their own battles with classroom dynamic and management. The teaching profession is strained to the limit and a collaborative focus is needed to restore the field of education to health. Teachers need the unified purpose God provides to guide the next generation of Americans to a prosperous tomorrow.Brian Le Fevre is a man that loves Jesus. He walked in sin until he was twenty-three when he came to know the forgiving love of the Father. At the same time he came to know Jesus, he started his teaching career. During his teaching career, he earned a Masters in Educational Leadership and several prestigious awards. In the five years since becoming a saved man, he married a wonderful wife and fathered a handsome son. When he has free time Brian reads, writes, exercises, and investigates educational issues. He currently resides in Brevard County, Florida.
