There are two means by which the revenue of the state may be readily increased. The first and more important is the development of new sources of revenue; the second is by an increase in the rates of taxation on property already assessed, or an increase in franchise taxes, license fees and other charges made by the state for service or privilege. The manifest advantage in supplying additional revenue by the development of new sources is that it results in a wider distribution of the burden of taxation, thus tending to equalization, and minimizes, or may relieve entirely, the necessity of increasing rates on property or privilege which is and has been contributing to the support of the state, to which the taxpayers have become accustomed and to which they have...

Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.

The most effective publication I at any time go through. This is certainly for all those who state that there had not been a worthy of looking at. It has been printed in an extremely straightforward way which is merely soon after I finished reading this publication where basically changed me, change the way in my opinion.
